this groundbreaking book situates bramante s tempietto at the center of an arts program that exalted spain s quest for christian hegemony

many famous artworks of the italian renaissance were made to celebrate love marriage and family they were the pinnacles of a tradition dating

from early in the era of commemorating betrothals marriages and the birth of children by commissioning extraordinary objects maiolica glassware jewels textiles paintings that were often also exchanged as gifts this volume is the first comprehensive survey of artworks arising from renaissance rituals of love and marriage and makes a major contribution to our understanding of renaissance art in its broader cultural context the impressive range of works gathered in these pages extends from birth trays painted in the early fifteenth century to large canvases on mythological themes that titian painted in the mid 1500s each work of art would have been recognized by contemporary viewers for its prescribed function within the private domestic domain book jacket

raphael raffaello di giovanni santi 1483 1520 is unquestionably one of the most important artists of the italian renaissance despite living only thirty seven years he quickly emerged as a peer to both leonardo and his avowed rival michelangelo raphael sublime poetry spans his short but spectacular life and career from his early training amid the culture of his native urbino through his prolific years in florence to his final magnificent decade at the papal court in rome though raphael is best known for his meteoric success as a painter draftsman designer and architect this catalogue highlights his equal accomplishments as a humanist antiquarian and poet carmen c bambach offers fresh perspectives on the beloved artist reconsidering his well known masterpieces and uncovering the importance of rarely seen treasures the publication also sheds new light on raphael s relationship with women by identifying previously unrecognized models for his portraits and discussing the agency of his female patrons bringing together more than two hundred of raphael s drawings paintings tapestries and decorative arts from public and private collections around the world this catalogue is rich in archival discoveries and firsthand technical analyses lavishly illustrated and meticulously researched it is the definitive text on the artist s life art and enduring legacy

the naturalis historia by pliny the elder provided renaissance scholars artists and architects with details of ancient architectural practice and long lost architectural wonders material that was often unavailable elsewhere in classical literature pliny s descriptions frequently included the dimensions of these buildings as well as details of their unusual construction materials and ornament this book describes for the first time how the passages were interpreted from around 1430 to 1580 that is from alberti to palladio chapters are arranged chronologically within three interrelated sections antiquarianism architectural writings drawings and built monuments thereby making it possible for the reader to follow the changing attitudes to pliny over the period the resulting study establishes the naturalis historia as the single most important literary source after vitruvius s de architectura

fascination with ancient egypt is a recurring theme in western culture and here brian curran uncovers its deep roots in the italian renaissance which embraced not only classical art and literature but also a variety of other cultures that modern readers don t tend to associate with early

modern italy patrons artists and spectators of the period were particularly drawn curran shows to egyptian antiquity and its artifacts many of which found their way to italy in roman times and exerted an influence every bit as powerful as that of their more familiar greek and roman counterparts curran vividly recreates this first wave of european egyptomania with insightful interpretations of the period s artistic and literary works in doing so he paints a colorful picture of a time in which early moderns made the first efforts to decipher egyptian hieroglyphs and popes and princes erected pyramids and other egyptianate marvels to commemorate their own authority demonstrating that the emergence of ancient egypt as a distinct category of historical knowledge was one of renaissance humanism s great accomplishments curran s peerless study will be required reading for renaissance scholars and anyone interested in the treasures and legacy of ancient egypt

in the 12th century the book of the soul by the philosopher avicenna was translated from arabic into latin it had an immense success among scholastic writers and influenced the structure and content of many psychological works of the middle ages this text investigates its successful reception
